Since its establishment over 40 years ago, Chehab Egypt became one of the pioneer companies in its field. As a matter of fact, Chehab Egypt Helped transferring modern technology, through introducing state-of-the-art tools and equipment to the Egyptian industry. As a professional agent for a number of reputable brands we are specialized in wholesale, distribution, and retail. Our business model is anchored at providing our extensive dealer network with reputed, high quality and cost efficient brands to distribute while providing them with a secured platform to conduct their business.

Our dedicated sales engineers are expert in their fields, trained by our suppliers, providing expert advice to best suite the customer's requirements.

Our dedicated after-sales department of service engineers and technicians is a team of technicians providing installation and service for our equipment all over Egypt. The service engineers carry a vast experience of knowledge within their field.

Chehab Egypt covers a wide range of products, mainly:

Electric Power Tools & its accessories
Welding Machines
Welding Consumables & Accessories
Cutting and Grinding Wheels

Heavy industrial Machines & its Tools
Pneumatic Machines
Garden Equipment
Generators
